1988 Sq Ft

This home perfectly blends modern updates with functional design. The open floor plan is anchored by a stunning, updated kitchen featuring stainless steel appliances, a large island and a sleek tile backsplash. Large windows and recessed lighting create a bright, airy atmosphere that highlights the newer flooring throughout. Both the main level and the basement feature wood-burning fireplaces with classic brick surrounds. Outside, the newer covered deck provides an elevated vantage point to enjoy the views, while the spacious lower level offers versatile living space that flows seamlessly to the backyard.

More to Love

- Move-in ready with a refreshed kitchen and flooring.
- Kitchen has gas range and ample cabinet storage.
- Large windows maximize the natural light throughout every season.
- The walkout basement provides direct access to the yard, perfect for pets or gardening.
- The covered deck acts as a secondary year-round living area for entertaining.
